

Make Your Voice Heard! City of Lewisville- Public Forum Series on Housing

The City of Lewisville is conducting an Assessment of Fair Housing and beginning work on a Housing and Community Development Five-Year Strategic Plan. In this planning process the City wants to use local knowledge and local decision-making to determine the best way to revitalize distressed areas and/or expand access to quality housing through our community! The public is encouraged to attend one of the public forum meetings listed to discuss issues and help formulate strategies. The Assessment of Fair Housing will be listed on the City's website from November 19, 2016 to December 19, 2016 (www.cityoflewisville.com/housing). The City's CDBG Advisory Committee will hold a public forum series specifically related to housing to receive input from residents on potential projects and needs. Come join us!
